Subject : Reshuffle the existing executive committee of the World Book of Records in March 2022.

Esteemed,

It has really been a fortunate moment for me to interact with your good self and appreciate your potential and verve in the Coronavirus pandemic to enhance the World Book of Records.

The central working committee of the World Book of Records also has been instrumental to address and help in this regard according to its capacity and capabilities. WBR came up with Star – 2022 (England) appreciation certificate wherein people, organization etc were felicitated for their untiring, unparalleled efforts to fight this pandemic. Again, a Certificate of Commitment (Switzerland) too was initiated during the second wave of Covid pandemic with the same objective of felicitating people; organization etc. a Certificate of Recognition (Switzerland) was initiated wherein organizations "Silent Unsung Warriors" who work at any level to make an objective a reality will be honoured.

You did a lot to promote the brand of the World Book of Record through various activities of Certificate of Commitment, Certificate of Recognition and Star – 2021. So send us details of promotional activities of World Book of Records in your locality with photographs at the email- office@santoshshukla.uk

The management of World Book of Records (WBR) has decided to reshuffle the existing executive committee for better performance among WBR Team. The new executive committee of the World Book of Records will be scheduled on 31 March 2022. World Book of Records will introduce a new face and responsibility to go ahead.

Yours sincerely,

Dr. Diwakar Sukul
